

This is a summary of the decision of the DPC

The Data Protection Office received a complaint by email from Complainant against Respondent regarding the use of CCTV cameras. The Complainant stated as quoted that: *"I, (...) would like to lodge a complaint against my neighbour who has fixed external CCTV cameras adjacent to the football pitch where one external camera in a disguised manner is facing my house and courtyard, violating the right to respect the private life of me and my family."*

Subsequently, the Data Protection Office wrote to the Police to seek assistance for investigating this complaint and to conduct a site visit at Respondent's premises to verify the camera as to whether the CCTV footage shows viewing outside Respondent's premises.

By way of a letter, the Police informed the office that: *"an enquiry was carried out into the matter and a site visit was conducted by personnel of (...) Police, whereby respondent was met and found that the complainant's house is on one side of the road and the village hall is found on the other side. The CCTV Camera installed on the top of the building is not capturing images of the complainant's premises."* The Police also enclosed the site visit report together with the letter.

The Data Protection Commissioner has decided as follows:-

In view of the above, the enquiry is closed to the satisfaction of all parties under section 6 of the Data Protection Act 2017 (DPA).
