

This is a summary of the decision of the DPC

The Data Protection Office received an official complaint from Complainant against Respondent regarding the use of CCTV cameras. The Complainant stated that his neighbour had installed CCTV cameras which were facing his entrance. He also mentioned that it was a rotating camera and was monitoring all his movements and he doubted that the CCTV camera had a recording setting.

Subsequently, the Data Protection Office wrote to the Police to seek assistance for investigating this complaint and to conduct a site visit at Respondent's premises to verify the camera as to whether the CCTV footage shows viewing outside Respondent's premises.

By way of a letter, the Police informed the office that:

- i. The respondent had already re-oriented the CCTV camera and same was no more capturing images inside the complainant's premises.
- ii. The complainant was satisfied and he did not want to move further with the complaint.

The Police also enclosed the site visit report together with the letter.

The Data Protection Commissioner has decided as follows: -

In view of the above, the enquiry has not disclosed the commission of an offence under the DPA and is closed to the satisfaction of all parties under section 6 under the Data Protection Act (DPA).
