

This is a summary of the decision of the DPC

The Data Protection Office received a complaint by email from Complainant against Respondent regarding the use of CCTV cameras. The Complainant stated as quoted that: *"I, (...) would like to lodge a complaint against my neighbour (...) who has placed CCTV camera on his premises"*.

"However, the cameras are pointing towards my personal property which is causing much nuisance as he is able to view and save recording of my store".

Subsequently, the Data Protection Office wrote to the Police to seek assistance for investigating his complaint and to conduct a site visit at Respondent's premises to verify the camera as to whether the CCTV footage shows viewing outside Respondent's premises.

By way of a letter, the Police informed the office that: *"an enquiry was carried out into the matter and a site visit was conducted by personnel of (...) Police, whereby respondent stated that he has installed six cameras for his security. He was made aware of the content of the complaint and voluntarily in the officers' presence; he repositioned the camera pointing towards his property and promised to keep peace"*. The Police also enclosed the site visit report together with the letter.

The Data Protection Commissioner has decided as follows:-

In view of the above, the enquiry is closed to the satisfaction of all parties under section 6 of the Data Protection Act 2017 (DPA).
