

This is a summary of the decision of the Commissioner.

IN THE MATTER OF:-

Complainant {One neighbour}

VERSUS

Respondent {Another neighbour}

A complaint was lodged at the Data Protection Office regarding CCTV camera whereby Complainant alleged that Respondent had placed a CCTV camera, which was pointing right into his yard.

This office initiated an enquiry and indicated to Respondent that the rules of data protection require that video surveillance system must be positioned to capture images only within his premise. The latter was thus requested to rectify position of his camera and to provide a statement this office.

In his statement, Respondent informed this office that he had made needful adjustment to the positioning of his camera.

Consequently, confirmation was sought from Complainant. In his reply, the latter confirmed that Respondent had indeed taken corrective measures.

The Data Protection Commissioner has decided as follows:-

Since no offence as illustrated above has been found to be committed under the Data Protection Act, this enquiry is closed to the satisfaction of all parties.
